1967-72 Chevy C10 Power Rack and Pinion Conversion System

Flaming River has designed a direct-fit power rack and pinion conversion system for the 1967-72 Chevrolet C-10 pickup trucks. The cradle mounting assembly bolts into the original mounting locations of the steering box and idler arm assembly, so there's no cutting, drilling, or welding required for installation.

Features and Benefits:

- Mounting cradle is made from solid plate 3/8" steel for increased strength
- All-new front steer power tubular style rack and pinion eliminates old worn-out steering box and linkage
- Rack and pinion features .98 inch rack shaft for increased strength and billet servo valve for cooler operation
- Includes GM style column shift or floor shift tilt steering column
- Lifetime serviceability and Flaming River tested and certified
- Made in the USA

Power Rack and Pinion Cradle Kit Includes:

- Column Shift or Floor Shift Tilt Steering Column with GM 4-1/4" wiring connector
- Mounting Hardware
- Universal Joints and Shafts
- Rack and Pinion Cradle System
- Power Steering Pump and Pulley
- Aluminum Mounting Reservoir (Hoses sold separately)
- Billet Swivel Floor Mount

Part # FR319KT – 1967-72 Chevy C-10 Power Rack and Pinion Cradle Kit w/ Paintable Column Shift Tilt Column
