COMING SOON! Lightweight High Travel Springs

- Ultra-lightweight, high travel springs engineered with an expanded body diameter for unsurpassed performance.
- Up to 25% weight savings over similar springs on the market.
- High-tensile spring steel with a sleek silver powdercoat finish is standard; Mustang II springs are chrome plated.
- Cold wound, heat treated and shot peened; ground at both ends; manufactured to precision tolerances.
- 4" – 14" lengths available in a wide variety of rates.
- Lifetime guaranteed to remain within 2% of the original free height and rate.
- Made in the USA.
