CUSTOM LENGTH SPECIFICATIONS

Is this column design based on an already existing part number from Flaming River?

YES NO

If so, what is the part number of the column that you want to build off of?

Dimension A:
Overall length of the column (Dimension C + D + Shroud/Cone length).

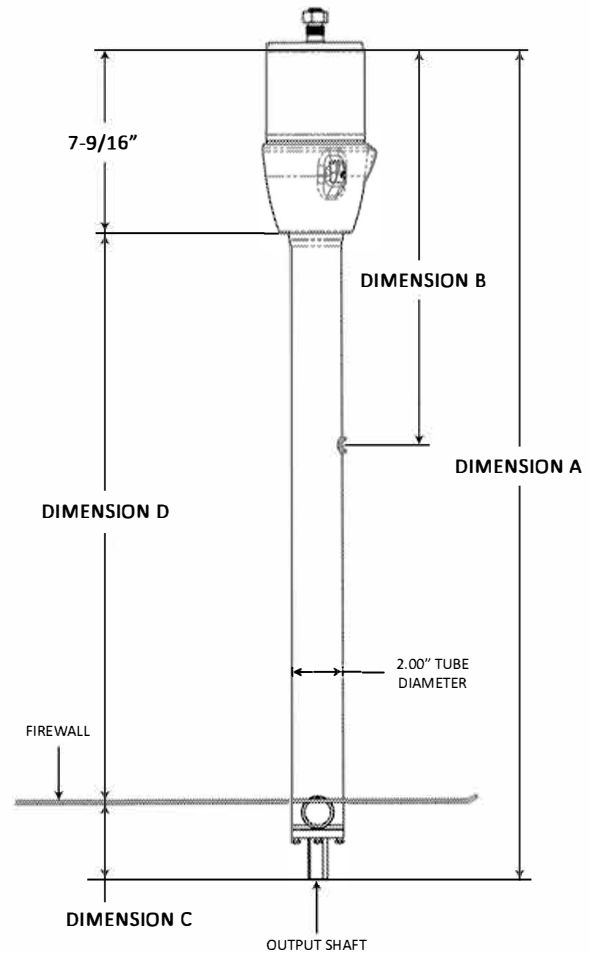

Dimension B:
Wire slot location – Standard location is 16.00”.

Wire slot clocking – Standard location is at 12 o'clock from driver's seat.

Dimension C:
3.00” of column through the firewall into the engine compartment is recommended to secure the column and allow room to connect the steering linkage.

Dimension D:
Dimension from the firewall to the bottom of the cone.

All custom columns are built to customer specifications per the above diagram. Flaming River Industries, Inc. assumes no responsibility for design integrity. Product design and fitment are the responsibility of the customer. Full payment is required upfront with each order – Cash, VISA, Mastercard, Discover, or PayPal are acceptable. Custom steering column orders are non-cancelable and non-refundable. A completed custom steering column form must be signed and received before we can begin building your order. Customary lead time from when the order is placed is 1-2 weeks.
